

WALLINGFORD, KENTUCKY · EST. FIELD-GROWN STOCK

Kentucky Grown Norway Spruce Trees for Sale

Horizon Landscaping located at **Hutton & Loyd Tree Farm**

in Fleming County, Kentucky

Norway spruce (*Picea abies*) is the dense, dark-green evergreen most often planted across Kentucky where a heavy, permanent screen is wanted. It is grown here in Fleming County field soil and dug with a soil ball, so the tree that leaves the farm is the tree that goes in the ground.
